

Pepper - Hot**Bhut Jolokia - Orange Cream**

The Bhut Jolokia Orange Cream is a creamy orange colored ghost pepper. Unlike other ghost peppers that start off orange and mature red, this one stays a creamy orange. The bumpy pendant shaped fruits are 1 inch around and 3 inches long on average. Flavor is citrusy with a slight earthiness. Not quite as hot as the red or brown variety but will still light up any dish. 900k-1000k SHU's
